

TANVIR HASSAN

Infrastructure & Security Leadership • Multi-Site Operations • AI-Assisted Automation

Karachi, Pakistan | +92 316 8224463 | bmrboomer@gmail.com | linkedin.com/in/tanveer-hassan-bb3b51201 | github.com/tagtuner

PROFESSIONAL PROFILE

15+ years delivering enterprise-grade IT infrastructure with **99.9% uptime track record**. Expert in virtualization, network security (firewalls, VPN, SD-WAN), Oracle/WebLogic stacks, and VoIP/PBX systems. Recently integrated AI-assisted automation to reduce manual operations by 50%.

Why Hire Me: I deliver what vendors promise but rarely finish — moving projects from "design" to "production-stable" without endless meetings. Recent AI automation projects saved 200+ man-hours monthly.

SELECTED IMPACT

- **Virtualized 50+ physical servers** on VMware vCenter/ESXi → 40% cost reduction, HA clustering.
- **Designed multi-site firewall & SD-WAN connectivity** across 5+ branches with zero security incidents.
- **Delivered Oracle EBS/DB19/WebLogic operations** + automated reporting with Python + AI tooling.
- **Rolled out multi-site VoIP/PBX + Paperless-ngx** (Docker/PostgreSQL) cutting paper costs by 70%.

PROFESSIONAL EXPERIENCE

FlyRank AI — *Machine Learning Engineer (Remote Intern)*

May 2026 – Present

- Engineered high-precision predictive classifiers (HistGradientBoosting) achieving **82.80% Precision@50** (a **24.4% absolute gain** over baseline) to combat search performance traffic decay.
- Formulated and verified **5-fold GroupKFold validation strategies** splitting on tenant domains to eliminate keyword memorization and data leakage.
- Automated massive data ingestion pipeline using **DuckDB** to process **78.8 Million row** daily search console performance metrics.
- Shipped client-side browser security tools (**pfSense XML Ruleset Analyzer**) and local Python SecOps scouting daemons.

Ebrahim Group of Companies — *Manager, Group Infrastructure*

Feb 2022 – Present

- Own multi-location infrastructure: virtualization (vCenter/ESXi), security perimeter (pfSense, VPNs), storage/backup, DR — **99.9% uptime achieved**.
- Led Oracle ERP infrastructure execution; improved DB replication discipline and environment hygiene.
- Delivered cross-site VoIP; rolled out document management (Paperless-ngx); built **internal AI automation** saving 200+ hrs/month.
- Implemented **Cashflow Forecasting System** with AI predictions — real-time dashboards for CFO.

PROFESSIONAL EXPERIENCE (CONTINUED)

- AI-Hassan Enterprises / Zehra Impex — Senior System & Network Administrator

May 2020 – Feb 2022

 - Expanded secure remote access (VPN), maintained Cisco switching/routing and pfSense security stack.
 - Kept datacenter services online 24/7 with pragmatic monitoring and change control.
- Ziauddin Group (Hospital / University / Media) — IT Infrastructure Lead

Aug 2014 – Sept 2019

 - Multi-division enterprise networking & security; email security hardening → 60% reduction in threats.
 - Server consolidation & cost optimization initiatives across healthcare/education/media verticals.
- Patel Hospital, Gerry's IT, Artistic Apparels — Network / System Administrator

2004 – 2014

 - Progressive responsibility in Windows/Linux, networking, and service reliability.

CORE STACK (ATS-OPTIMIZED)

- AI & Automation: Python, LLM Integration, NLP Workflows, OpenClaw, Voice Assistants
- Virtualization: VMware vSphere, Hyper-V, Docker, Portainer, AWS
- Network & Security: pfSense, IPSec VPN, SD-WAN, Snort IDS/IPS, Cisco, VLANs
- Oracle & Enterprise: Oracle EBS, DB 19c, WebLogic, PL/SQL, RAC, Data Guard
- VoIP & Telephony: FreePBX, SIP/RTP, Call Routing, Multi-site PBX, DID Management
- OS & Identity: Oracle Linux, RHEL/CentOS, Ubuntu, Windows Server, Active Directory

LICENSES & CERTIFICATIONS (AI, ML & SYSTEM SECURITY)

- Anthropic Claude & MCP (Issued Jul 2026): Model Context Protocol (Advanced & Intro), Claude Code in Action, Claude Code 101, Claude Platform 101, subagents & Agent Skills completions, Claude API Integration, Claude in Vertex AI, Claude in Amazon Bedrock, and AI Fluency framework certifications (Builders, Nonprofits, Educators, Students, Small Businesses, Capabilities & Limitations, and Cowork).
- Google Cloud (Issued Jul 2026): Intro to Generative AI, Intro to Large Language Models, Intro to Responsible AI.
- Hugging Face & FreeAcademy (Issued Jul 2026): LLM Course Unit 3 (Fine-Tuning), AI Agents Fundamentals, Prompt Engineering (FA-2026-PE-ELP3I1).
- IT Infrastructure & Network Security (Industry Badges): MCP, MCSA, MCSE, CCNA, CCNP, RHCE.

EDUCATION

- MBA — HRM - IT & Marketing

Institute of Business & Technology

2004
- BBA — HRM - IT & Marketing

Institute of Business & Technology

2002
